General Reuse Service (GRS1)			
All Meter Sizes	$0.00	$0.00	$0.00
Charge per 1,000 gallons	$0.00	$0.00	$0.00

Meter Installation Charge: The Commission also approved an increase in the meter installation charge to $591.83 for a 5/8"x 3/4" water meter, which is the standard size of a residential water meter. This change reflects that all future water meters will be compatible with its Advanced Metering infrastructure.

Miscellaneous Service Charges: While the miscellaneous service charges did not change, the Commission ordered the terminology to change consistent with Commission Rules. Thus the previous initial connection and disconnection charges are obsolete and now subsumed into the premises visit charge which is $40.06 during normal business hours and $49.62 after hours.

The rates shall be effective for service rendered as of the Commission's stamped approval date on the tariff sheets provided the customers have received notice. If the effective date of the new rates falls within a regular billing cycle, the initial bills at the new rate may be prorated. The old rates shall be prorated based on the number of days in the billing cycle before the effective date of the new rates. The new rates shall be prorated based on the number of days in the billing cycle on or after the effective date of the new rates. If you have any questions about your bill, please contact the Utility at 1-866-842-8432.
