Notes:

1/ This charge shall be waived if customer is also a water customer within the same service area.

2/ The utility shall itemize the estimated cost of disconnecting and reconnecting service and shall furnish this estimate to customer with cut-off notice. This charge will be waived if customer also receives water service from Carolina Water Service within the same service area. Customers who request to be reconnected within nine months of disconnection at the same address shall be charged the base facility charge for the service period they were disconnected.

All nondomestic and industrial waste is subject to the Sewer Use Rule. The Sewer Use Rule can be accessed at https://www.myutility.us/docs/default-source/carolinawater/sewer-use-tariff.pdf and is also available upon request. The Sewer Use Rule requires Users (utility customers) to provide advance notice of any nondomestic or industrial waste discharge into the Utility's sanitary sewer systems, and to meet certain effluent limitations and pretreatment requirements. Violations of the Sewer Use Rule may result in disconnection. Reconnection will require reimbursement of the Utility's actual costs incurred as a result of the violation. Repeat violations may result in permanent disconnection.

As part of the Sewer Use Rule, the Utility may require installation and/or proper operation of grease traps or other pre-treatment devices on grease producing commercial facilities. Failure to properly operate grease traps will result in disconnection of service pursuant to Commission Rule R10-16.
