DOCKET NO. W-354, SUB 471

NOTICE TO CUSTOMERS

BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

Notice is given that the North Carolina Utilities Commission (Commission) has granted Carolina Water Service, Inc. of North Carolina (CWSNC) an increase in its sewer usage charge for customers in the College Park service area in Gaston County, North Carolina.

CWSNC filed a verified petition with the Commission pursuant to N.C. Gen. Stat. § 62-133.11, requesting authority to amend its tariff for the purpose of passing along to sewer customers in the College Park service area in Gaston County an increase in the cost of purchasing sewer service from the Town of Dallas. Section 62-133.11(a) provides that the Commission shall allow a water or sewer utility to adjust its rates approved pursuant to N.C.G.S. § 62-133 to reflect changes in its costs based solely on changes in the rates imposed by third-party suppliers of purchased water or sewer service.

The Public Staff – North Carolina Utilities Commission reviewed CWSNC's petition and recommended that CWSNC be allowed to increase its sewer usage rate by $0.84 per 1,000 gallons, increasing the usage rate from $17.77 to $18.61, effective for service rendered on and after the date of this Notice.

The new sewer usage rate and the existing base facility charge will increase the average residential monthly sewer bill by $2.54, from $100.95 to $103.49 based on an average usage of 3,028 gallons.

ISSUED BY ORDER OF THE COMMISSION.

This the 14th day of September, 2026.
